In the matter of)
Amendment of Section 73.202 (b),) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations) RM- _____
(Fallon Station, Nevada))

PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

1. Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 287C to Fallon Station, Nevada as its first local FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Fallon Station, Nevada	-	287C

3. Fallon Station is a Census Designated Place located in Churchill County, Nevada. In 2000, the United States Census Bureau estimated Fallon Station had a population of 1,265 persons.

4. FM channel 287C can be assigned to Fallon Station in full compliance with the Commission's minimum distance separation requirements. Coordinates used are N 39:36:00, W 118:43:12 and are located approximately 18 Km North of Fallon Station. This site restriction is necessary to prevent a short spacing to station KOZZ-FM, Reno, NV. Petitioner is confident she can find a suitable transmitter site for this allotment if it is assigned as proposed.

5. Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 287C if it is assigned to Fallon Station as proposed. If her application is granted, she shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

Linda A. Davidson
